

Ridgeway Primary Academy is aware that social media is a useful tool that parents use to communicate. However the school is concerned that negative comments may be made in such postings against the school. You must be aware that such postings are considered in law to be accessible to the general public and you are therefore subject to the laws of defamation, malicious communication and improper use of the communications network. Any offensive or false allegations against the school or its employees will be notified to the Police. If you have concerns with any aspect of your child's education and learning you should contact your child's class teacher or a member of the school leadership team.
